More power for tougher surfaces

# Bona FlexiSand 1.9 by KÜNZLE & TASIN

## More power for tougher surfaces

Introducing the new member in the versatile Bona FlexiSand Pro System. The Bona FlexiSand 1.9 features an even stronger motor and increased weight, further strengthening the capabilities of the direction-free sanding system.

The powerful 1.9 kW motor, combined with the machine's additional weight and 25% increased motor power, reduces the effort and time required during tougher sanding jobs. Sanding down to bare wood with Bona Power Drive is now even faster and easier. And with the unique Bona Concrete Disc, grinding concrete surfaces is now much more efficient.

### Application

For sanding all kinds of wooden floors and grinding of concrete surfaces.

### Key Benefits

- More powerful for tougher surfaces
- Easy and ergonomic operation
- 25% greater motor power and heavier weight
- Dust containment ready
- More effective on concrete with Bona Concrete Disc

### Technical Data

Motor type:	1 phase
Voltage (+/- 5%):	230 V ~
Frequency:	50 Hz
Power:	1.9 kW
Rated current:	11 A
Safety devices:	16 A overload switch (manual reset), thermal protection in the motor (automatic reset)
Recommended fuse:	16A
Abrasive disc speed:	(unloaded) 147 rpm
Total weight:	50 kg
Diameter of disc:	407 mm (16")
Height / Width / Depth:	1170 mm / 490 mm / 640 mm

Power outlet for optional accessories

Handles on the cover plate make it easy to carry

Dust protection skirt on cover plate is self-adjusting in height

Large wheels for easy transportation

Thermal and power overload fuse ensures operational safety

Folding and stepless shaft adjustment for easy handling
